

Press Release Colorado Springs, CO, January 27, 2010

Diamond Wire Technology announces corporate name change

Diamond Wire Technology, Inc. - a member of Meyer Burger Technologies (MBTN: SIX Swiss Exchange) - today announced it has changed its corporate name to Diamond Materials Tech, Inc. (DMT) effective January 21, 2010. DMT is a leading, and globally active, consumable and equipment manufacturer of diamond wire and diamond wire saws used within the solar (photovoltaic), semi-conductor and photonics industries.

The name change is accompanied by a re-branding initiative to represent our business within the Meyer Burger Technologies' portfolio. The new brand name representing DMT is "Diamond Wire Material Technologies" and more closely aligns with the company's long-term strategy to advance its global presence and consumable product offerings.

John Brenan, CEO of Diamond Materials Tech, Inc. commented, "The corporate name change and rebranding initiatives are strategically significant for us and will enable us to enhance our position in the marketplace as a key component of Meyer Burger Technologies portfolio of companies."

About Diamond Materials Tech, Inc.

www.diamondwiretech.com

Diamond Materials Tech, Inc. (DMT) – A member of Meyer Burger Technologies (MBTN: SIX Swiss Exchange, www.meyerburger.ch) - is a global capital equipment and consumable manufacturer serving the solar (photovoltaic), semi-conductor and photonics markets around the world. The company is the largest and oldest manufacturer of diamond wire and diamond wire saws, with over 45 years of experience. Diamond wire saws, which must perform to micron-level precision, are used in applications ranging from laboratory sample cutting, to production cutting of materials such as silicon, silicon carbide and sapphire. DMT is the market leader in the development and manufacture of diamond wire, with wire diameters ranging in size from 140 microns to 380 microns for use in wafering and shaping processes.

DMT has its headquarters in Colorado Springs, CO, USA, complimented by a worldwide network of distributors and partnerships with machine manufactures and suppliers around the world. DMT has over 100 employees.
